SUBJECT: REPAYMENT SHARING RATIOS FOR FISCAL YEAR 1987/88

This letter will provide you with the repayment sharing ratios for Fiscal Year 1987/88 to be used in reporting child support collections on the form CS 800 Summary Report of Child and Spousal Support Payments. The sharing ratios for the AFDC Family Group (FG) aid category are based upon actual expenditures for the period of July 1986 to January 1987. The repayment sharing ratios for the Unemployed (U) aid category are based on actual expenditures for July 1986 to March 1987.

The federal sharing ratio is determined by taking actual federal expenditures for each aid category and dividing them by total expenditures for the same category. Once the federal share is determined, the amount remaining (non-federal share) is allocated to the state and counties. The percentages used to determine the state and county repayment sharing ratios are based on the respective amount of the state and county participation in the AFDC aid payment as provided for in Welfare and Institutions Code Section 11487.

The repayment sharing ratios for July 1, 1987 through June 30, 1988 are as follows:

<u>Aid Category</u>	<u>Federal</u>	<u>State</u>	<u>County</u>
Family Group	.4953	.4504	.0543
Unemployed	.4937	.4518	.0545
Foster Care-Fed.	.5000	.4750	.0250
Foster Care-Non Fed.	.0000	.9500	.0500
EA Unemployed	.5000	.4460	.0540
